**Break the cycle
and have a summer
experience you
can talk about for
years to come.**

If you are ready for a weeklong adventure filled with new friendships, then join us for the Summer 2018 edition of Camp Mount Michael.

You'll spend one week overnight on Mount Michael's campus – over 440 acres not far from the Elkhorn River. There are woods to explore, horses to ride, and all kinds of other fun activities – exactly how summer camp should be!

CAMP

MOUNT  MICHAEL

SUMMER 2018

THE SCOOP

While you're at Camp Mount Michael, you'll stay in the Mount Michael Freshman Dorm where high school students live during the school year. You'll be able to experience what life will be like in the future when you're in high school or college.

You'll have the chance to try new activities you may not get to do at home very often. Plus, you'll have the opportunity to make new friends and experience what it's like to be away from home.

A lot of former campers still talk about their awesome summer adventures at Mount Michael. Some of the guys this year are returning for their sixth or even seventh summer!

COOL CAMP COUNSELORS

Campers are divided into groups according to their age. Each group has a Camp Counselor; a college-aged mentor who went to high school at Mount Michael. Many of the counselors were once campers themselves. Counselors are good guys – fun, helpful, and your best resource at camp. They'll guide you in activities and help you learn new skills. You can turn to them with questions, problems, or just to hang out.

Maybe you'll already know some of the others going to camp this year, but you'll also get to know lots of interesting new guys. Many former campers have made buddies at camp that they've kept through high school and beyond!

NEW FRIENDS

There are so many sports and outdoor activities at camp you won't know where to start. Participate in Olympic Day, play warball, learn to shoot archery, and go horseback riding. We also take Mount Michael buses to the local pool throughout the week to cool off!
