

ABBOT MICHAEL LIEBL, OSB CLASS OF 1968

Since graduating in 1968 Abbot Michael has not strayed very far from Mount Michael. After graduation he would join the monastic community and serve the school in a variety of ways.

As a teacher, he pushes all of his students to excel to be their very best and challenges them daily. For those that have had him it is not uncommon to hear stories of classes with the banned use of calculators for tests because Abbot believes the best calculator you have is the one between your two ears. In 2002, he was recognized as the Omaha Archdiocese Secondary Teacher of the Year.

Outside of the classroom Abbot also served as the Knights' tennis coach until the early 2000's when he had to take a step back to tend to his responsibilities as head of the monastic community. Before he did he led Mount Michael's tennis to three consecutive state titles from 1989 to 1991.
